

September 4, 2025

To Whom it May Concern,

I have known Kaley Ali since July 2015 and during the past 10+ years I have seen her grow academically, professionally, and personally. Kaley has become a very responsible and conscientious young adult and I believe she has developed a sense of loyalty and business acumen that would be a significant asset to you and your team.

Kaley graduated from Carolina Forest High School in 2018 and has proceeded to earn her associate degree and is now pursuing her Bachelor of Science in Healthcare Administration from Santa Fe College. Kaley is committed to achieving professional growth in the healthcare field and has remained steadfast in her pursuit of a degree to support her long-term career goals.

Kaley is capable, competent, and collaborative, and as a team-player would be a fantastic addition to your organization. She demonstrates genuine care for others, values her environment, and is dedicated to supporting the success of the group. She has a very strong, logical mind and can think critically and quickly to solve problems as they arise.

Kaley has shown strong progression in her professional development as she started at Regal Cinemas, moved on to Lifesouth Community Blood Center and most recently served as Administrative Support at the AMRIS at the University of Florida.

Due to Kaley's impressive level of focus, maturity, and dedication, I have no hesitation in giving my recommendation for her to join your team.

Sincerely,

A handwritten signature in black ink, appearing to read 'David Ross', with a stylized flourish at the end.
